Analysis of Candidates

Summary

INTRODUCTION :

There are different kind of data source available where different data formats exist. Excel sheet is a common data format, which is boring and difficult to understand. Data analytics techniques help to take raw data and uncover patterns to extract valuable insights, as a result data analytics turns raw data in to information.

In this analysis we analyze the up election data on tableau with help of different kind of charts. The goal of this project to know more about this election, elected candidates and political party.

VOTING ANALYSIS

There are 3 Graph,

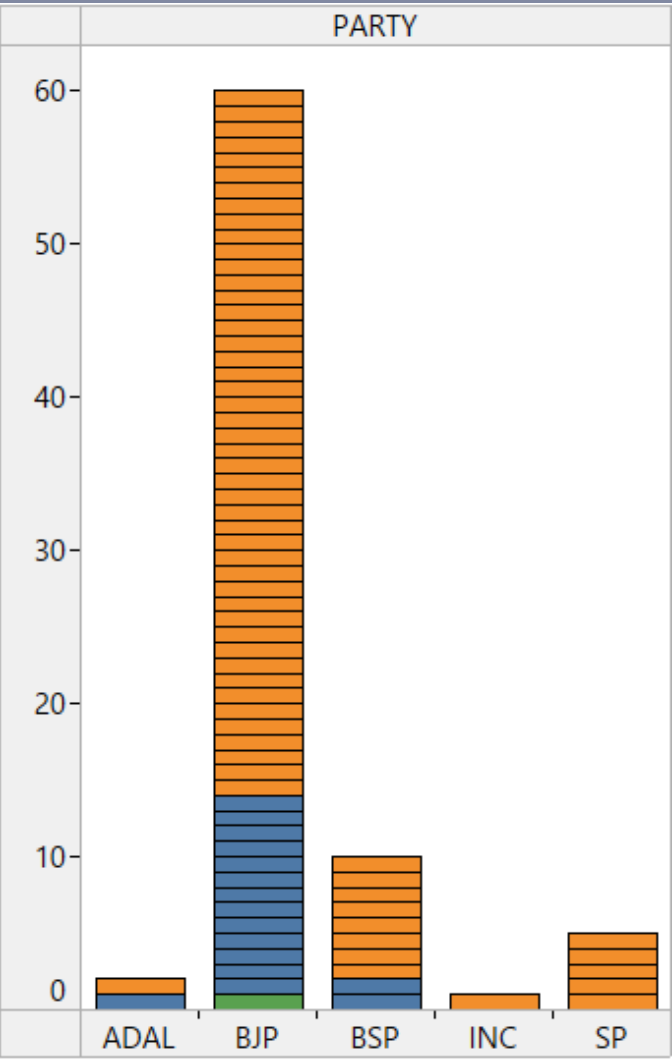

1st is about party wise the sum of winners and total votes according to this graph BJP party won the election with more than 34 M votes and 60 seats, where INC won only 1 seat and ADAL won 2 seats. Apart from BJP, no other party got more than 6M votes, it means that BJP won this election with a majority. 2nd graph shows the 5 candidates who got the minimum votes in the election. 3rd graph shows the 5 candidates who got the maximum votes in this election.

THE LINE SHOWS CITY WISE TOTAL NUMBER OF VOTES OF BJP PARTY. BJP GOT MAXIMUM VOTES IN GHAZIABAD, MORE THEN 900K VOTES, GAUTAM BUDH NAGAR AND JHANSI WITH MORE THEN 800K VOTES
IN KAUSHAMBI, BJP WON WITH THE LEAST NUMBER OF VOTES.

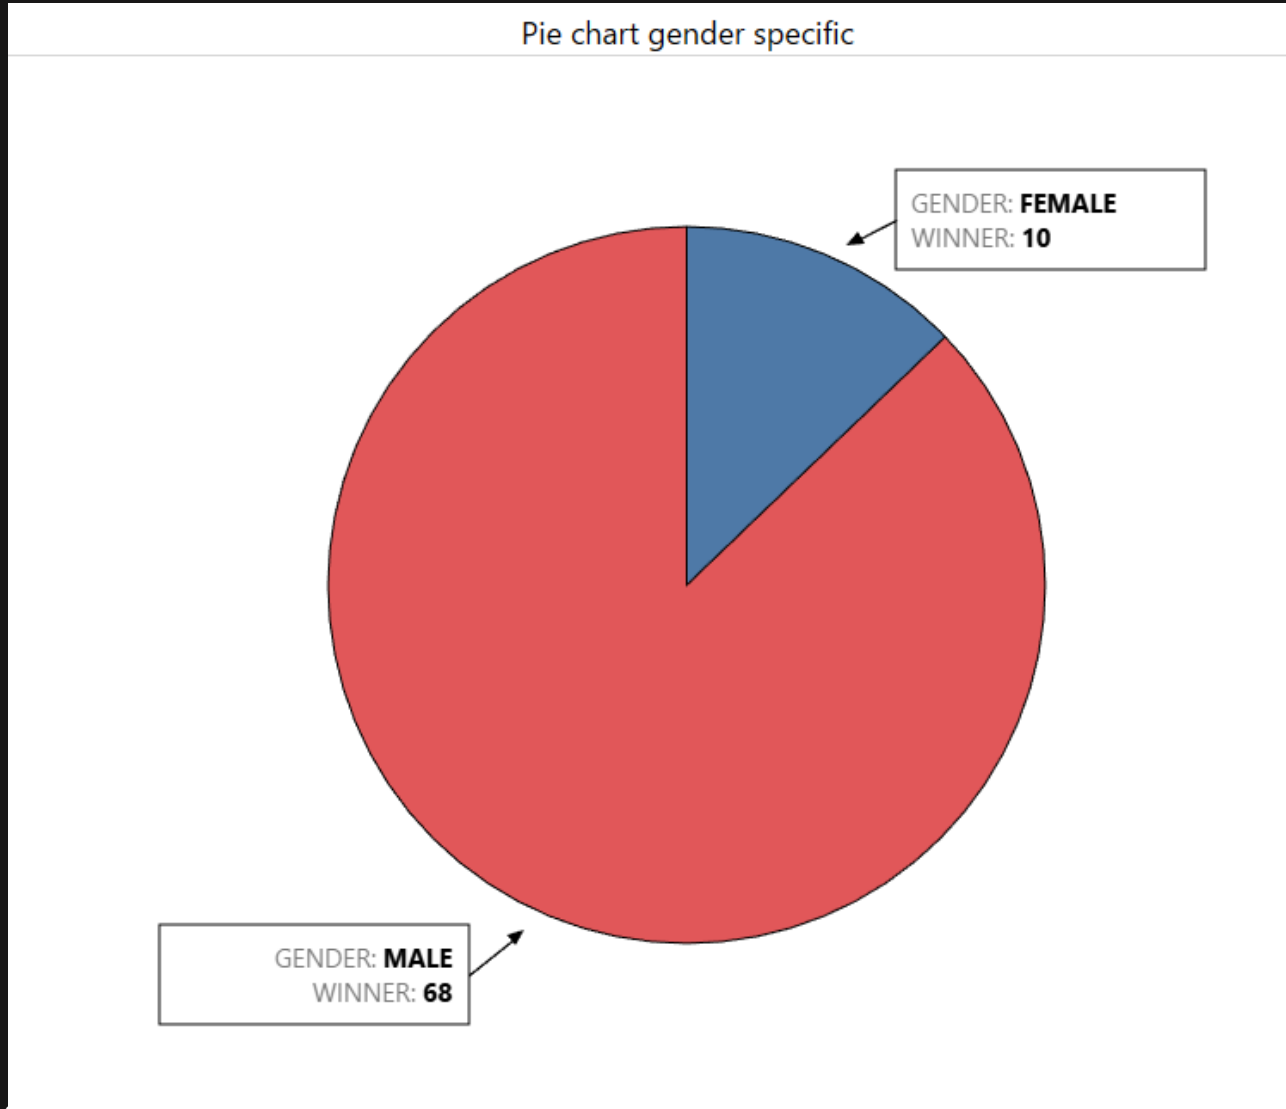

PARTY VISE CANDIDATE'S CATEGORY ANALYSIS.

In this analysis we separated all category with a specific color, this dataset contains only 3 type of category(general, SC, and ST) there is no OBC category exist. So the first analysis is no OBC candidates are win this election, second is the only one ST candidate Praveen Kumar Nishad from BJP win this election also general category have largest number of winner candidates and SC category is the second that have largest number of winner candidates

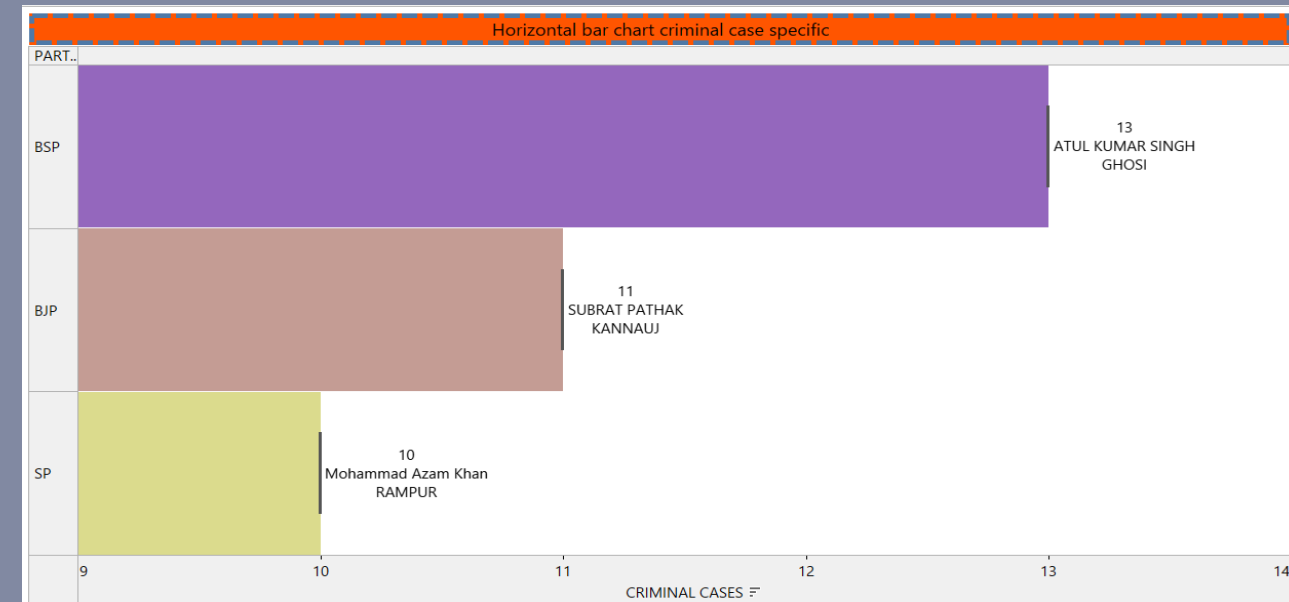

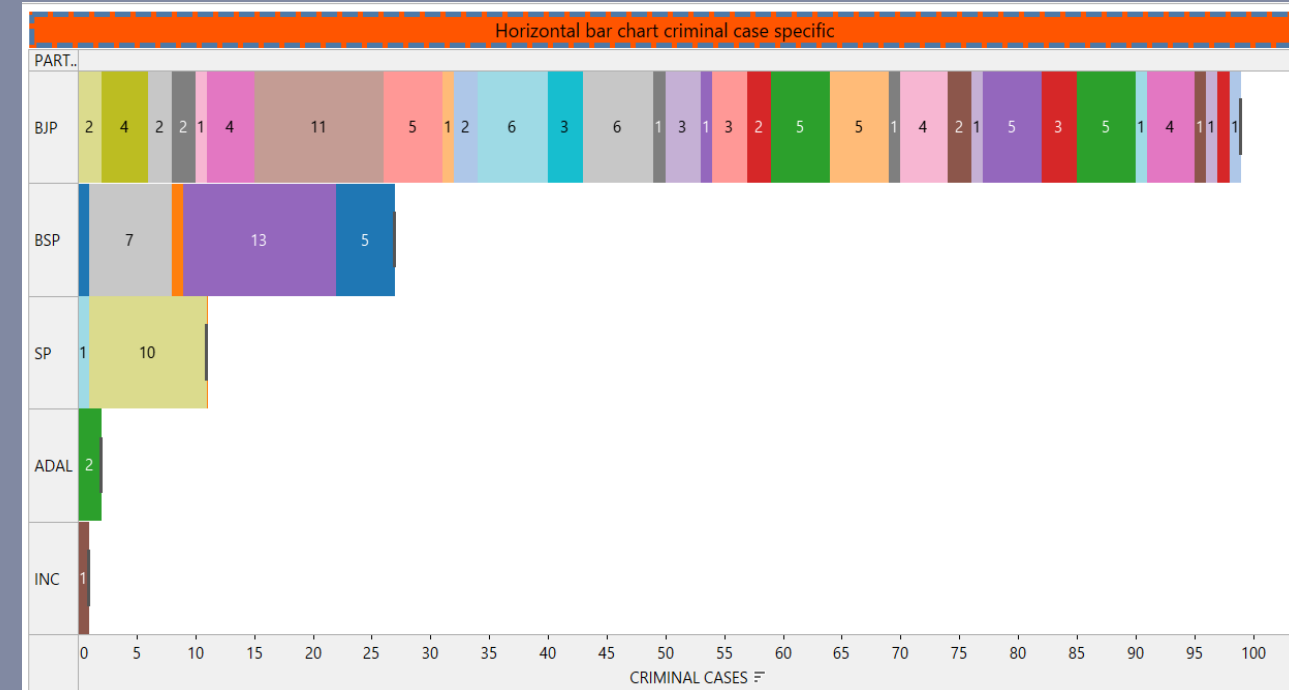

AREAS OF GROWTH

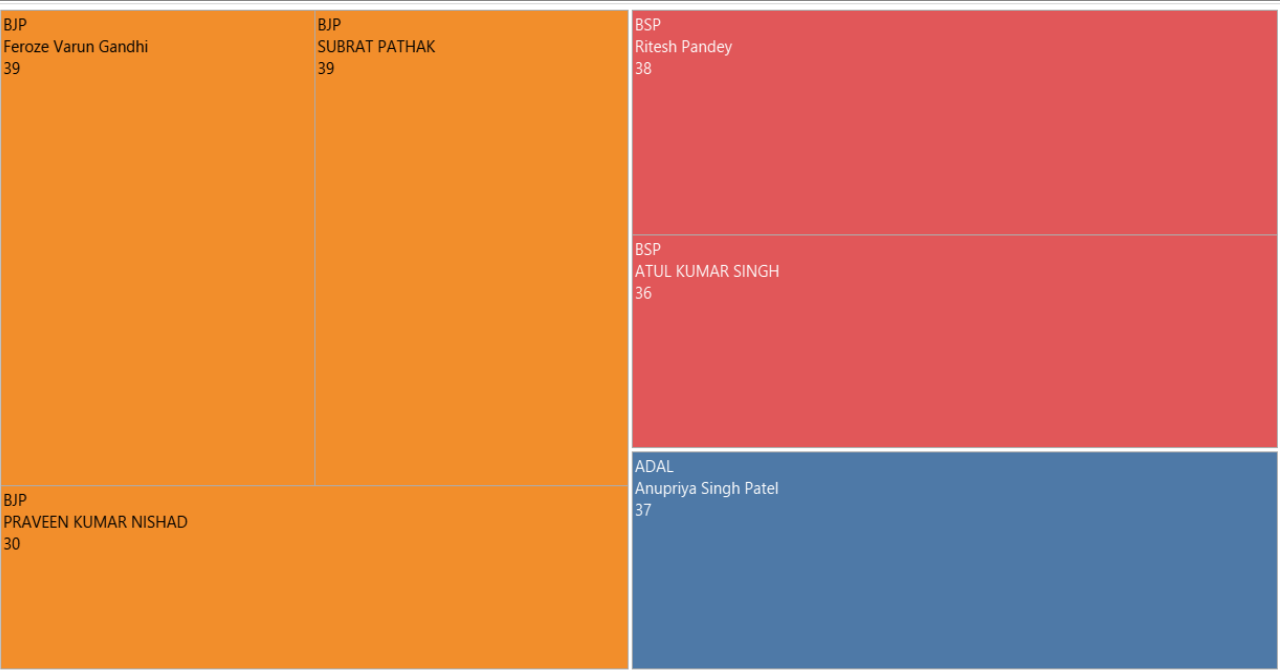

GENDER. Color shows details about GENDER where blue for female and red for males. Size shows sum of WINNER. The marks are labeled by GENDER. The data is filtered on PARTY, which keeps ADAL, BJP, BSP, INC and SP. In the total 78 winner candidates there is only 10 female candidates are winner and left 68 candidates are male. SP party have no winner female candidates, INC have no winner male candidates,

CRIMINAL CASE ANALYSIS

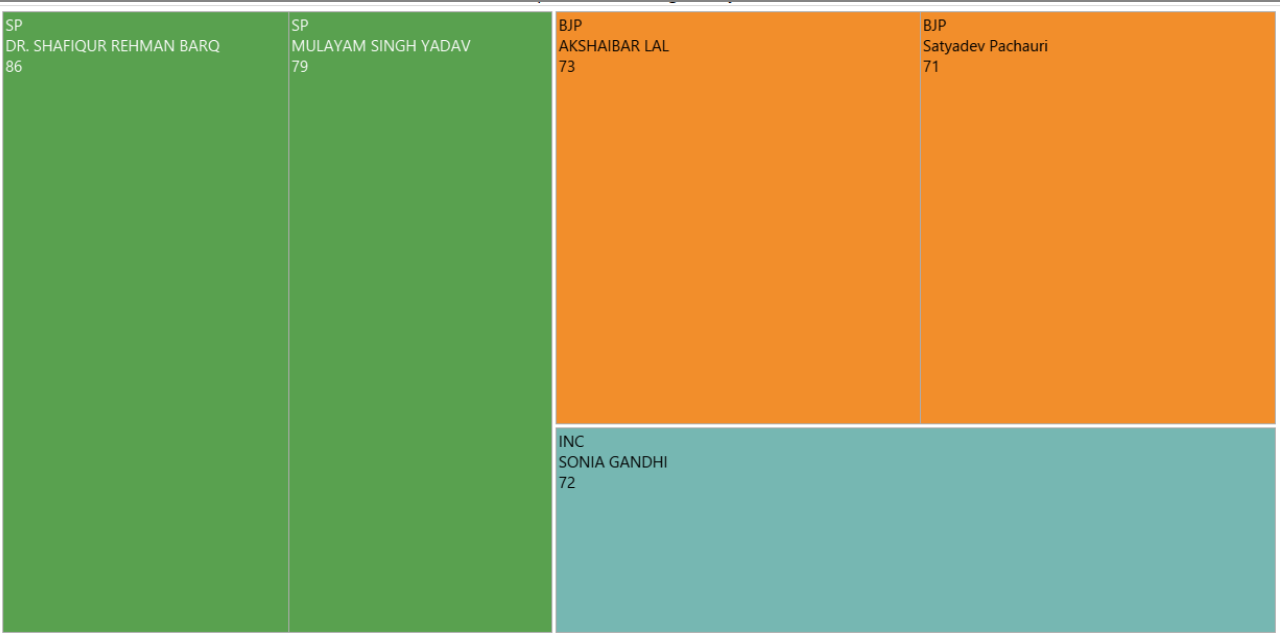

- It is easy to see in the first image that there are only 3 candidates who have more than 10 criminal cases registered against them. And 9 candidates are those who have more than 5 criminal cases registered against them.
- The graph of BSP party is more spread than other party, as we can say maximum candidates of BSP have registered criminal cases against them
- Second picture is about the 3 candidates who have more than 10 cases,

CANDIDATES'S AGE ANALYSIS :

- 1. The 1st picture of the analysis for those 5 people whose age is less than 40 years. According to the data, Praveen Kumar Nishad from BJP party is the youngest winner candidate of the state.
- 2. In the 2nd analysis the oldest winner candidates. Whose age is more then 70 years. Dr. Shafiqur Rehman Ali from SP Party is the oldest winner candidate of the state.
